SOE 215 SOLAR DRIVEN CHEST FREEZER

Our SOE is a Solar Driven chest freezer, and is designed for use in areas with limited, unstable or even non-existent power grid. SOE is also environmental friendly, with R600a refrigerant.

SOE is ideal for storage of foods, beverages, fruit, as well as a variety of agricultural commodities.

Vestfrost Solutions was one of the pioneers within development of solar driven refrigerators and freezers, with more than 20 years experience in producing solar driven appliances.

Until today Vestfrost Solutions during the years has supplied thousands of solar driven refrigerators and freezer globally.

Our SOE is also available as a Solar Driven Refrigerator.

Please note that our SOE-series is not approved for vaccines or vital contents. For solar vaccine storage, Vestfrost Solutions can offer our WHO PQS approved VLS line.

**Only the appliance is sold by Vestfrost Solutions.
Does not include charger, solar panels, batteries, etc.**
